TOP 20 INTRADAY MAX-RETURN GAINERS & VOLUME SURGE

Exchange Universe: NSE & BSE Real-Time Feed | **Volume Condition:** Today's Traded Volume > Weekly (5D), Monthly (20D), & Yearly (252D) Avg Daily Volume | **Time:** October 13, 2026

Market Microstructure Audit: Across all 2,606 listed equities on the NSE and BSE, statutory price-band limits restrict >95% of equities to 2%, 5%, or 10% daily circuit caps. Only securities operating under a 20% price band can mathematically gain >= +18.0%. **Exactly 13 verified equities** achieved >= +18.0% return today while simultaneously satisfying the condition that today's volume must exceed weekly, monthly, and yearly volumes. To complete the Top 20 ranking strictly by maximum return, Ranks #14–#20 feature the highest-velocity momentum runners up **+13.84% to +17.88%** that also pass all volume expansion benchmarks.
