Equity Lab Institutional Research: FII/DII Stake Shift Audit

Top 14 Screened Stocks DNA X-Ray | Date: November 7, 2026 | IST: 20:05

1. Executive Forensic Synthesis

A raw >10% surge in FII/DII holding is frequently misunderstood by retail investors. It manifests across 5 distinct corporate mechanics: Private Equity Exit Absorption (EPL, KFin), Post-IPO Allotment (Tenneco), Demergers (Rossell), NCLT QIPs (Diamond Power), and Offshore Dilution Shells (Kuber, MIC Electronics).
